Designing the face

Eyes should be placed below row 9

There should be 6 stitches in between each eye

I sewed the eyes with embroidery thread through two vertical stitches (line 10-11)

With same, black embroidery thread sew on the mouth; sew a small horizontal line two rows below eyes, minus two stitches. Then add small vertical lines on each side of the mouth for smiling look appearance

For more details look at the photo below

Assembling the parts

Sew on body to the head

Then add (sew) the arms and legs.

Design and sew on the face, put little blush for fresh, healthy effect ;)

Put on the hat and voila, your first Karla is ready to play with!

I hope you enjoyed making this cute little one.

For the rest of the crew and more Karla's friends, play with different hat stiles. If you'll need help or would like to make a hat as one from my Karla's friends, please do not hesitate to write and ask. You can find me on <http://amigurumiBB.wordpress.com/>
