

Bring both legs together. Mark inner, middle stitches (one on each leg).

Slip stitch to one of the legs, ch3 and single crochet to next leg's inner, middle stitch.

Stitch around the second leg 12 single crochet stitches. As you can see, now we reached the chain.

Single crochet 3 stitches over the chain.

Single crochet 12 stitches around first leg.

Finish with crocheting 3 single crochet stitches over unstitches chain side. This will finish your round, having 30 stitches count. (12 sts one leg+3 sts chain+12 sts second leg+3 sts chain=30 sts)
